*Because we are
People First!*

People with disabilities have the same rights as all citizens:

- To make choices about our own lives**
- To live in our own homes and participate in our communities**
- To have equal access to polling places**
- To become contributing members of our society**

We are not our disabilities -

We Are People First

At **People First, we realize that a more perfect world is in the future and our present world is in need of work. Therefore, we work to support the Americans with Disabilities Act and the Olmstead Law.**

By knowing and exercising our rights, we work for better services to improve life for people with disabilities in Louisiana.

About People First

People First is one of the oldest and best-known self-advocacy organizations for people with disabilities. There are People First chapters across the United States.

There are 22 local chapters of People First across Louisiana. You can take part in your local chapter and become a self-advocate today!
